BACK COVER

## WHY CHOOSE A KARGO MASTER RACK?

### STRENGTH IS OUR HERITAGE

Within each Kargo Master truck rack is a heritage that goes back to our first truck rack in 1982. We've engineered simply the best modular trucks in the industry. Durable, strong, and resilient Kargo Master truck racks perform; year after year; job after job. You can rely on our racks to withstand the test of time.

### FUNCTIONAL

All Kargo Master racks are made from round tubing which is stronger than square tube designs. Easy to remove rear support bars and integrated tie down hooks give you total flexibility and security in loading your ladders and cargo. Our large ergonomic drop down handles make it easier to step up to your truck. We use clean swaged tube joints that disappear. Fasteners are OEM in appearance. Available in black gloss (steel) or silver (aluminum) powder coat finishes.

### STRONG

There is a big difference between supporting a static load and supporting that load while coming to a hard stop, veering around a tight freeway off ramp, or bouncing over pot holes or railroad tracks. Kargo Master makes the strongest production racks available, and it is easy to understand why. We use bigger, thicker, round tubes, with extensive gusseting of legs and cross bars.

<b>PRO II HEAVY-DUTY</b>	Constructed with 2" diameter x .083" thick high tensile strength mechanical tubing, the Pro II rack is designed to carry heavy materials and cargo.
<b>PRO III MEDIUM-DUTY</b>	Made with 1.625" diameter x .083" thick tubing, the Pro III is a lighter racking solution than the Pro II.
<b>PRO IV HD ALUMINUM</b>	With the Pro IV, light doesn't mean weak by any means. Fabricated with 2" diameter x .12" thick T-6 aircraft aluminum.
<b>ECONO LIGHT-DUTY</b>	Our Econo racks provide easy and economical options for ladders and light materials.
<b>ADVENTURE SPORT</b>	Our Adventure Sport Truck Rack gives you the ultimate in rack configuration and usage. Compatible with most popular accessories.

## PRO II HEAVY-DUTY RACK

# ADVENTURE SPORT TRUCK RACK

## A VERSATILE RACK FOR WORK OR PLAY

**30070 BASE RACK**

**31680 OPTIONAL TELESCOPING SIDE BARS**

### Rack features:

- Adjustable length allows for easy configuration for any type of gear: bicycles, kayaks, canoes, tents and more
- Durable flat black powder coat
- 1.125" cross bar compatibility for all your sport accessories
- Strong 2" steel pillars
- Optional 2" telescoping side bars (31680)

The 30070 truck rack is the perfect crossover rack for your adventures both on and off the job. Built to withstand the rigors of the workplace or a rigorous trip to your favorite kayak run. Load up with materials or all the gear for your next excursion. This rack features sturdy 2" steel pillars and 1.25" cross bars making it compatible with most accessory mounting systems. Optional 2" side bars allow you to attach numerous items such as tool hooks or truck tents. Whether you are a warrior during the week or on weekends, this is the rack for you.

Cargo Rack for All Full-Sized & Compact Trucks – Black  
Use for carrying ladders, etc. Compatible with most Yakima products.

	Rack	Accessories
Side Legs & Bar - 2" Dia. Front and Back Upright with 1.125" Load Bars - Clamp on Mount	30070	-
Optional Telescoping Side Bars - 1.5" Dia. Increase strength & carry roof top tents	-	31680
Truck Rack Load Dividers for 30070 (Pair) - Stack 2 ladders tall. Use 2 pairs to carry up to 6 ladders.	-	31010

### Rack options:

- Telescoping side bars increase available mounting points and provide additional strength
- Adjustable length allows easy configuration for any kind of gear
- Side bars are not necessary for most commercial applications
- Side bars are essential, however, if one intends to mount a tent

**31010 UPRIGHTS FOR 30070**

Load dividers. Use to lock down up to 3 ladders per pair.

## NEW! COMMERCIAL/RECREATIONAL CAPS

- **DROP DOWN RACK OR COMBO RACK**
- **SINGLE OR DOUBLE CLAMP & LOCK RACK**
- **1.625" DIA. TUBE FRAMES**
- **500 LB CAPACITY**

# TRUCK ACCESSORIES

## EXTRA CROSS BARS

### PRO II, III & IV

- 31110** 2" Black - Pro II
- 31600** 1.625" Black (Steel) - Pro III
- 31690** 2" Silver (Aluminum) - Pro IV
- 31700** For 1.625" Dia. Tube - Silver (Use with 80070)

## WINDOW GUARD

- 31080** Protects rear cab window while adding support to both the racks and the truck bed. For 01000, 01040, 80000
- 31080C** Clamps to attach Window Guard to 01040, 80000
- 3108SD** Clamps to attach Window Guard to 01040 (Super Duty)

## EMERGENCY LIGHT MOUNT BRACKET

- 31170** Mounts emergency flasher to any location on side rails.

## UTILITY HOOK

- 31150** Side mount hooks holds coiled materials within reach of ground.

## RETRACTABLE RATCHET STRAPS (PAIR)

- 31490** 2" W x 7' L. Attaches to the round tubing on truck and van racks.

## RETRACTABLE RATCHET STRAPS (PAIR)

- 31500** 1" W x 6' L. Attaches to the round tubing on truck and van racks.

## FRONT BAR WIND DEFLECTOR

- 31570** All truck racks make some wind noise when air rushes around the front U bar. This clamp-on deflector can be aligned to significantly reduce noise.

## STANDARD FULL-LENGTH BED RAILS

- 31270** 72" - Pro II & Pro III
  - 31280** 78" - Pro II & Pro III
  - 31300** 96" - Pro II & Pro III
- These rail-type mounts distribute the rack load, protect the bed sides and provide a strong base for mounting a tool box.

## 6" TALLER LEGS (SET OF 4)

- 31530** For 01110
  - 31540** For 01130
  - 31650** For 80030
- These extended camper cap legs are 6" longer than standard to provide extra clearance for high-rise camper caps.

## LOAD DIVIDERS

- 31020** Provides additional support and bracing for ladders and cargo on Kargo Master racks.
