Before You Begin

- Read all instructions

Parts

NO.	ITEM	PART NUMBER	DESCRIPTION	QTY.
1		40450-10	REAR TRANSIT GRAB HANDLE	2
2		18-40450	HARDWARE KIT	1

Hardware

ITEM NO.	18-40450 To Scale	PART NUMBER	DESCRIPTION	QTY.
1		91280A636	M10x1.5 x 35mm Hex	4
2		91166A280	M10 Flat Washer	6
3		91202A242	M10 Split Lock Washer	2
4		94645A220	M10x1.5 NYLOC	2

Step 1 – Locate Mount Location in Rear of Van

- Locate the M10 threaded emboss located about eye level on the D-pillar in the rear of the van.
- Locate black rectangular cover near the bottom of the D-pillar.
- Remove cover.

Step 2 – Attach Top of Handle

- Using a M10 flat washer, a M10 lock washer, and a M10 x 35mm hex head, bolt top of grab handle to the threaded emboss.
- Follow the orientation and order of hardware as shown.

Step 3 – Attach Bottom of Handle

- Swing bottom of handle so that it lines up with the accessible hole below previously removed black cover.
- Bolt through the reinforced hole using a M10 x 35mm hex head screw, two M10 flat washers, and a M10 lock nut.
- To reach the lock nut, you must access it through the square hole where the black cover was removed.
- Snug tighten but allow for movement.

Step 4 – Finish Installation

- Align and square handle to your preference.
- Replace the previously removed black plastic cover.
- **TIGHTEN all previous bolts.**

Your installation is now complete.
