THE PRO RACK DIFFERENCE

Experienced tradesmen use substantial tools. Holman racks are the top choice because they work hard and look great!

New Features

- Optional forklift loadable side rails to allow for safer and more efficient loading of the rack.
- Swing-out rear crossbar designed to ease the loading process
- More fitment options to fit every truck configuration including short bed and crew cab applications
- Adjustable front leg mounting to fit more vehicle applications with a single rack
- Improved foot mounting that reduces horizontal deflection and creates a stronger rack
- Easy entry grab handles mounted low on the rear for added support
- Wind deflector now included as standard

Returning Features

Industrial Grade Strength	Premium Powder Coat Finish	Professional Look	Other Features
---------------------------	----------------------------	-------------------	----------------

- **High Strength:** Made from high-strength steel, ensuring durability and resistance to bending or breaking under load.
- **Corrosion Resistance:** Features a specialized powder coating that provides superior protection against rust and corrosion, even in harsh environments.
- **Stylish Design:** Available in various finishes and colors, allowing for a modern and aesthetically pleasing look in any setting.

• **Easy Assembly:** Designed for quick and easy installation, with no welding or complex tools required.
