

## **THE PRO WING WIND DEFLECTOR (TRUCKS W/O CAP)**

---

**Part # : 31571**

### **Wind Deflector – Full-Size Trucks**

Holman's new scalloped wind deflector design is proven to cut wind noise by more than half. The PRO Rack Leg & Bar kits include this wind deflector, but you may need this part to retrofit to an older Pro II truck rack or as a replacement for your PRO or Pro IV truck rack. This wind deflector bolts to the front crossbar and can be positioned to optimally deflect wind up over the cab. Especially recommended when standard length racks are mounted on extended cab trucks. Black.

#### **Features and Benefits:**

- Holman's patent pending design cuts wind noise by more than half.
- Sturdy clamping brackets are easy to install and securely hold the wind deflector in place.
- Premium powder coat finish

#### **Compatible Items:**

- 01000 - Pro II Legs & Bars - GM, Ram 1500, Tundra, F-150 Without Cap
