

Community Sponsorships

General Guidelines

- Community Sponsorships are awarded directly to nonprofit organizations working to improve the [communities where Holman operates](#).
- Special consideration is given to programs that support low-to-moderate income individuals, by delivering services or education that improves their quality of life and provides opportunities for advancement.
- To be considered for funding, a complete online application must be submitted at least six weeks prior to the date a commitment is needed. Incomplete applications will not be reviewed, and insufficient lead time may limit the opportunity for support.
- Sponsorships are no more than \$15,000 and are awarded monthly.
- Holman does not usually sponsor an organization more than once per year, however, if additional funding is desired, the organization must submit a new request for each event.
- Decisions will be made and organizations notified within 45 days of the submission.
- For questions about the application or process in general, please email the Holman Community Affairs team at Community@Holman.com.

Eligibility Requirements

- The nonprofit organization must be based and/or serve in a [community where Holman operates](#) and registered in the local country (i.e.US501(c)(3) or international equivalent).
- Eligible organizations cannot be passthrough organizations, i.e. organizations that are not directly receiving the funds.
- If funding request is to a national organization, a Holman employee must be connected to the organization.
- Holman does **not** provide grants to:
 - School organizations, unless there is a direct connection to a Holman employee.
 - Organizations that discriminate on the basis of race, national or ethnic origin, religion, sexual orientation, family status, disability, or other characteristic protected by law.

Selection Criteria

The Committee also takes the following criteria into consideration:

- Region served AND HQ location are in a [community where Holman operates](#)
- Organization serves local interests (if national, funds are being requested for a local chapter)
- Potential for employee engagement opportunities with the organization

Preparing to Apply

You will need to answer questions about the following to complete the application:

- General organization and contact information – such as name, address, mission statement, etc.
- Request details – such as request purpose, amount, etc.

In addition to the application questions, the following documents are required for your funding request to be considered:

- A document outlining all sponsorship levels, including the recognition and benefits associated with each
- A schedule of events that lists and describes the organization's fundraising efforts for the year
- Optional: any additional document which may help to more fully describe the event or program for which you are seeking funding
